

OSANDA VINOD

CYBERSECURITY STUDENT

ABOUT ME

I am a dedicated Cyber Security student currently pursuing a BSc (Hons) in Cyber Security, with a strong interest in information security, ethical hacking, network protection, and cyber threat analysis. I have foundational knowledge of cybersecurity concepts, networking, Linux, programming, and security tools, with a passion for improving my technical skills through practical learning and hands-on projects.

I am a quick learner with strong problem-solving abilities and a commitment to understanding modern cyber threats and security solutions. My goal is to build a successful career in cybersecurity by continuously developing my technical abilities, analytical skills, and knowledge of cybersecurity practices.
